

Samsung Updates New Notebook 9 Line

The Samsung Notebook 9 delivers the latest in Notebook technology in a sleek and light design. With advanced features including enhanced connectivity, premium display and an added layer of security, the Samsung Notebook 9 offers the performance and portability to go wherever you need to go.

Sleek and Light Design

- **Impossibly Light:** The Samsung Notebook 9 13.3-inch — at 1.8 pounds — is the lightest notebook on the market. It's effortless to carry, and easy to travel with. It's the perfect combination of performance and portability.
- **Refined Design:** The Samsung Notebook 9 13.3-inch and 15-inch feature an ultra-slim bezel and near edge-to-edge display sets a new design standard and gives you more screen to do what you need to do
- **Versatile:** The Samsung Notebook 9 display reclines 180°, making it simple to share presentations with co-workers, or pictures with your friends and family.
- **Durable:** With a sleek single shell structure, and Micro Arc Oxidation (MAO) Rigidity technology, the Notebook 9 features added integrity, resiliency, and thermal and shock resistance.

Advanced Features for Strong Performance and Connectivity

- **Powerful Performance:** The Samsung Notebook 9 isn't just a beautiful device, it also packs power and performance. It is equipped with the latest 7th Generation Intel® Core™ i7/i5 Processors, as well as faster storage and memory.
- **Connectivity Features:** The Samsung Notebook 9 offers exclusive software solutions for peer-to-peer sharing with other devices including smartphones. With PC Message and PC Gallery, users can easily share files, messages and photos anytime, anywhere.

Fast Charging Battery

- **Long-Lasting Battery:** The Samsung Notebook 9 battery last for 7 hours on a single charge— more than enough for a day at the office, or even an international flight.
- **Adaptive Fast Charge:** Users can fully recharge the Samsung Notebook 9 in 80 minutes, or get 2.1 hours of power in just 20 minutes.
- **USB Type-C™:** The latest USB Type-C™ port lets users charge the Samsung Notebook 9 through via a cell-phone charger, and also enables quick data transfer and connectivity to displays and other devices.

Improved Security with Built-in Fingerprint Sensor

- Security is always top-of-mind which is why the Samsung Notebook 9 includes a built-in fingerprint sensor as well as support for Windows Hello, which enables secure sign in with a single touch, so users can log into the Windows 10 device without typing in a password.

Immersive Experiences with Premium Display Technology

- **Vibrant Full-HD Display:** The Samsung Notebook 9 was created with a stunningly immersive full-HD display with bright, vivid and accurate colors. Featuring Samsung RealView Display, the Samsung Notebook 9 elevates the viewing experience to new heights with support for a high-level of brightness, true-to-life colors and a wide viewing angle. Also, with Outdoor Mode, instantly boost the clarity of the display with a quick shortcut command when working under direct sunlight.

- **HDR Video:** View content in high dynamic range (HDR) to experience more vibrant videos.
